Hello, I am **Dennis Turco**, born on 08/04/2001 in **Fidenza** (a small town in the province of Parma), where I am a resident. I have a bachelor's degree in **computer science** from **University of Parma**. I currently work as a junior full-stack developer in a software house in Noceto, where I program mainly in .NET. I am a person with many hobbies and passions to which like to experience new things and who wants to learn, I also love, group work, but I also work individually

WORK EXPERIENCE

Animator Summer Camp

I worked as an animator in a summer camp for a month, from July to August as a full-time.

Fornio(PR) 📍
2019 (1 month) 📅
